

## 1. Strengthen governance

Establish a functional multisectoral coordinating mechanism and technical working groups with clear terms of reference, budget and an accountability framework.

## 2. Prioritize activities

Initiate a consultative process to prioritize activities based on an assessment of the current situation, resources available, and the impact and feasibility of activities.

## 6. Monitor and evaluate

Periodically monitor and evaluate progress in implementing the plan or activities, communicating progress and lessons learned.

# 6 STEPS

## FOR SUSTAINABLE IMPLEMENTATION OF NATIONAL ACTION PLANS ON ANTIMICROBIAL RESISTANCE

## 3. Cost the operational plan

Develop, cost and budget an operational plan that includes prioritized activities, who is to do what, when and where, and integrates existing funding sources.

## 5. Implement prioritized activities

Work with internal and external stakeholders to sustainably implement the prioritized activities.

## 4. Mobilize resources

Map existing and potential funders, advocate to fill the funding gap and where possible leverage domestic financing through other national plans and budgets.
