

This situation update is on the Novel Coronavirus (COVID-19) reported cases and deaths, Globally, Regionally, for Barbados and Eastern Caribbean Countries, French Territories and the United Kingdom Overseas Territories.

- WHO holds weekly technical coordination meetings with travel, aviation and tourism sectors, in addition to updated guidance and online courses on [point of entry](#), including management of ill travelers, managing outbreaks on board ships and in aviation, and on [mass gatherings](#).
- Since January, [EPI-WIN](#) has been engaging with some of the most vital sectors, including travel and tourism, involved in the COVID-19 response through amplification webinars, which have broaden global reach of WHO’s life-saving risk communication messages significantly.
- WHO, the International Maritime Organization (IMO) and the International Labour Organization (ILO), in cooperation with international seafarers’ and shipowners’ organizations, are working together to ensure the ability of shipping and seafarers to continue to deliver vital goods, including medical supplies and food.
- The UN International Civil Aviation Organization (ICAO) published an analysis of the economic impact of COVID-19 on civil aviation [here](#). Airport Council International has also published a survey of good practices at major airports on operations during COVID-19, available [here](#). The International Air Transport Association (IATA) has recently published a Quick Reference Guide for Ground Handling during COVID-19, which can be found [here](#).
