## Youth Awards on International Youth Day

Since 1999, International Youth Day is celebrated on the 12th of August. It gives an opportunity to celebrate and mainstream young peoples' voices, actions, and initiatives, as well as their meaningful engagement in enriching national institutions and processes.

This year the theme is 'Youth Engagement for Global Action'. It calls on the global community to enhance representation and engagement of young people to increase the fairness of political processes and support the development and implementation of solutions to pressing challenges and threats, such as the current COVID-19 pandemic.

Young people represent a valuable resource and network during crises and public health emergencies. With the right training on the disease and its transmission, and engagement young people can work jointly with the health authorities to help break the chain of infection.

To this effect, the PAHO office for Barbados and Eastern Caribbean Countries (PAHO ECC) has collaborated with the Ministry of Health, Ministry of Youth and Youth Organizations to support meaningful engagement of young people by:

- Conducting a regional [Young People Dialogue](#) on "COVID-19 Adjusting to the New Normal".
- Building capacities of the youth leaders and developing a virtual youth camp in Saint Vincent and the Grenadines.
- Open Mic video challenge on youth engagement for health in Saint Kitts
- Youth engagement for Climate Change – including PAHO Youth for Health Group.
- Panel discussion on "The future of youth employment post COVID-19" in Grenada.

This year, PAHO ECC has collaborated with the Ministry of Youth, and the Ministry of Health in Nevis to celebrate the day by participating in a "[Youth Impact Award Ceremony](#)". This event seeks to celebrate young people's resilience, talents, skills, and young people's creativity.
