Regional Platform for Access and Innovation in Health Technologies

November 23rd 2011
Analla Porrás, MD, Ph.D.
Advisor, Innovation for Health
Medicines and Health Technologies (IHSS/MT)
Health Systems based on Primary Health Care (HSS)

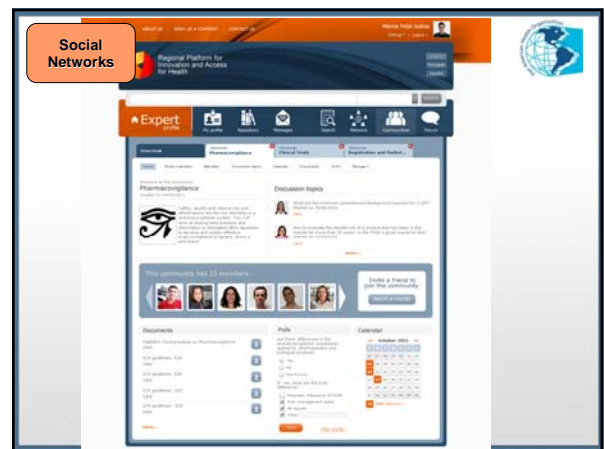

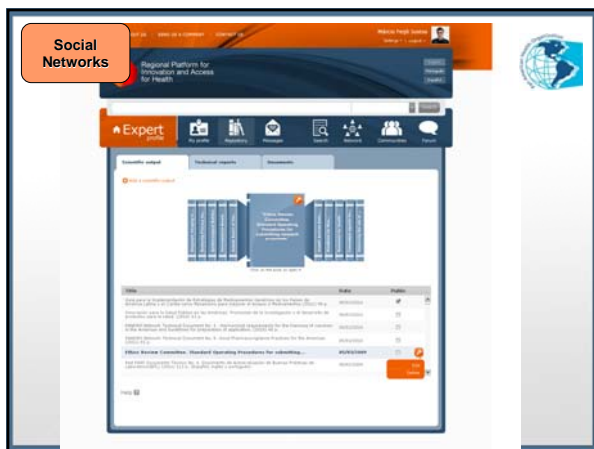

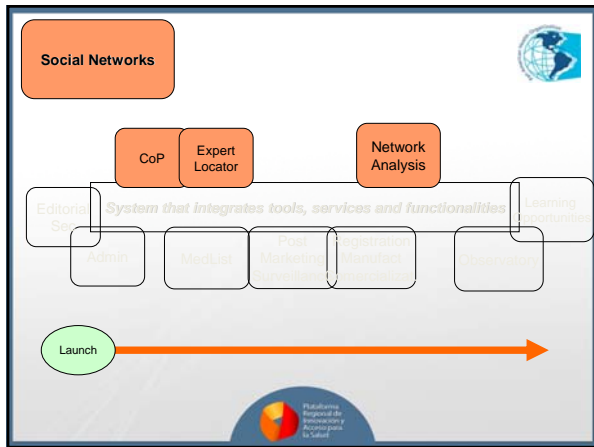

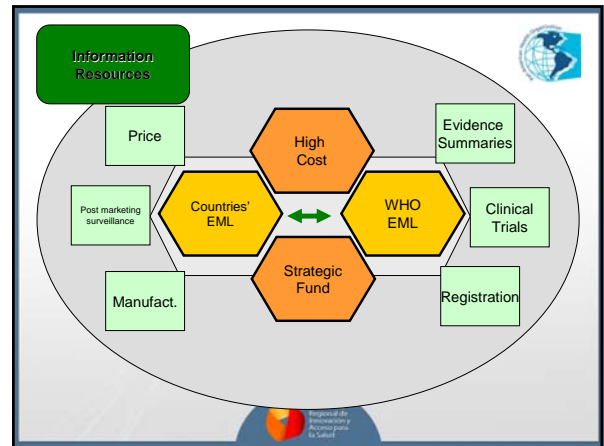

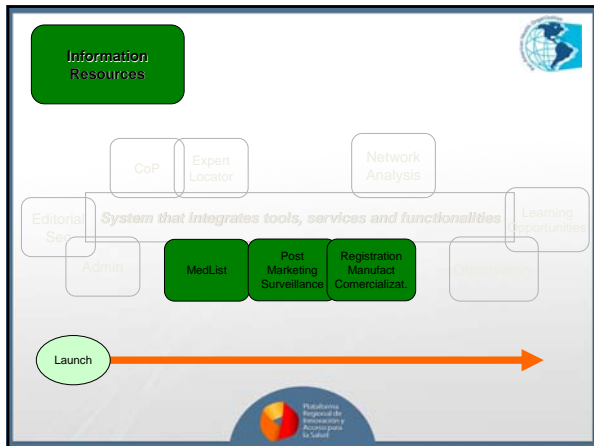

Platform 1.0

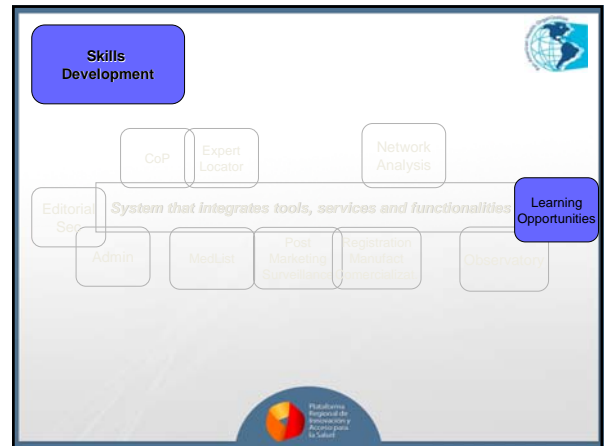

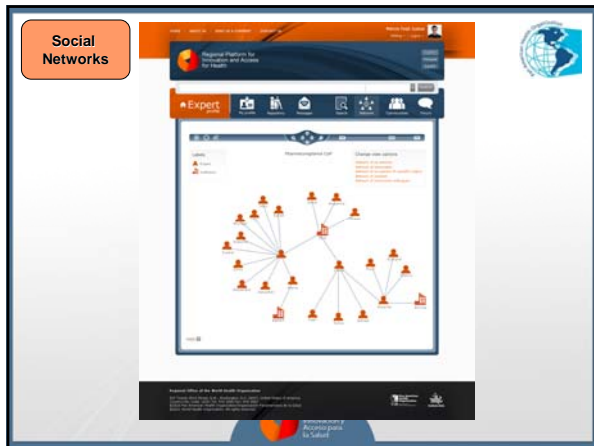

Observatory

Learning Opportunities

- Integrated with PAHO's Virtual Campus of Public Health
- Strengthening NRA core functions: Based on needs assessment resulting from NRA assessment
- Creation of Access and Innovation node that will house all available learning opportunities related to HT management in the public health sector
- Take advantage of existing courses and development of new ones
