

GLOBAL HEARTS INITIATIVE
Working together
to beat **cardiovascular disease**

Barbados- Context

- New staff at original pilot sites
- Break since end of pilot
- New Health Information System
- Awaiting equipment
- To issue consultancy for baseline assessment

GLOBAL HEARTS INITIATIVE
Working together
to beat **cardiovascular disease**

Barbados- Current Situation

- Have data accessible to the team doing the audit. Information Services team are working on a way to collate the data.
- To create posters for each clinic to be seen by staff and patients.
- Consultant to deliver training based on modules

GLOBAL HEARTS INITIATIVE
Working together
to beat **cardiovascular disease**

Complementary Efforts

- Improved Chronic Disease Self-Management
- Development of framework for prescription of exercise in primary care
- Salt Reduction Project
