Office for Barbados and Eastern Caribbean Countries

01 May 2020

This situation update is on the Novel Coronavirus (COVID-19) reported cases and deaths, Globally, Regionally, for Barbados and Eastern Caribbean Countries, French Territories and the United Kingdom Overseas Territories.

BE AWARE.

PREPARE.

ACT.

The third meeting of the Emergency Committee convened by the WHO Director-General under the International Health Regulations (2005) (IHR) regarding the coronavirus disease (COVID-19), took place on Thursday, 30 April 2020

The Director-General declared that the outbreak of COVID-19 continues to constitute a PHEIC. He accepted the advice of the Committee to WHO and issued the Committee's advice to States Parties as Temporary Recommendations under the IHR.

The Emergency Committee will be reconvened within three months or earlier, at the discretion of the Director-General. The Director-General thanked the Committee for its work.

Advice to WHO

Coordination, planning, and monitoring

- Continue to lead and coordinate the global response to the COVID-19 pandemic in collaboration with countries, the United Nations (UN), and other partners.

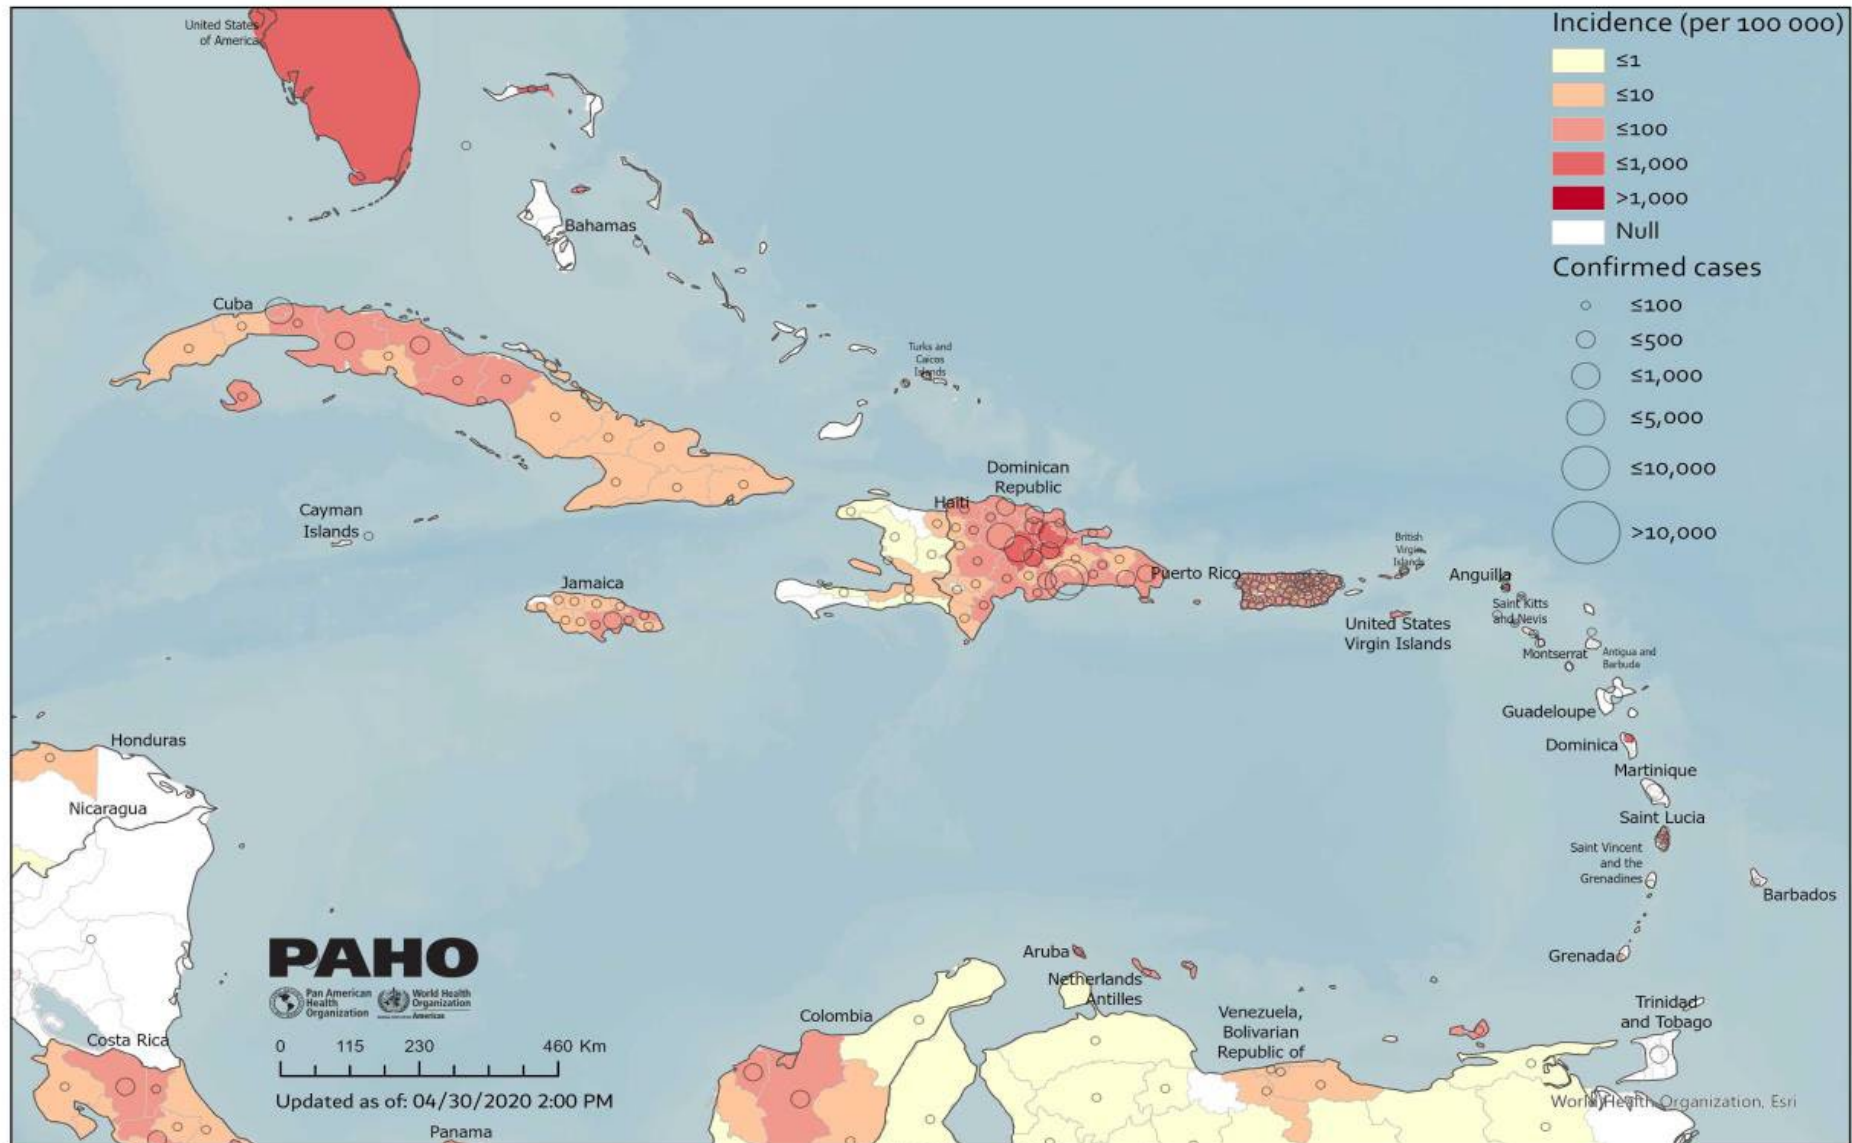

- Work with fragile states and vulnerable countries that require additional technical, logistical and commodity support.
- Establish mechanisms to compile lessons learned from country and partner experiences and WHO missions and share the best practices and updated recommendations.
- Provide further guidance to countries about adjusting public health measures, taking into account the different epidemiological situations of the pandemic.
- Promote the inclusion of all interested countries, including low- and middle-income countries from all regions, in the Solidarity clinical trials for therapeutics and vaccines.
- Continue efforts with partners to obtain equitable access to personal protective equipment, diagnostics, and biomedical equipment essential to the pandemic COVID-19 response.
- Continue to coordinate global expert networks in epidemiology, laboratory, vaccines, clinical care, infection prevention and control, social sciences, and operational research; modelling; and other technical support.

Updates

Global	PAHO - Region of the Americas
3,230,318 confirmed cases, 234,287 deaths <i>in</i> 212 countries, areas or territories	1,340,593 confirmed cases, 79,073 deaths <i>in</i> 54 countries, areas or territories

Reported number of cumulative COVID-19 cases in the Caribbean sub-region and corresponding incidence rate (per 100,000 persons) by country/territory (sub-national level). As of 30 April 2020.
