

This situation update is on the Novel Coronavirus (COVID-19) reported cases and deaths, Globally, Regionally, for Barbados and Eastern Caribbean Countries, French Territories and the United Kingdom Overseas Territories.

Timeline of WHO's response to COVID-19

As of 29 June 2020, the following milestones and events focused on COVID-19 have taken place:

- The Director-General and Executive Director of the WHO Health Emergencies Programme have held [75 media briefings](#). The Director-General's [opening remarks](#), [transcripts](#), [videos and audio recordings](#) for these media briefings are available online.
- There have been 23 Member State Briefings and information sessions.
- WHO convenes international expert networks, covering topics such as clinical management, laboratory and virology, infection prevention and control, mathematical modelling, seroepidemiology, and research and development for diagnostics, therapeutics and vaccines, which have held frequent teleconferences, starting in early January. These networks include thousands of scientists, medical and public health professionals from around the world.
- [EPI-WIN](#), WHO's information network for epidemics, has convened 60 technical webinars, making available 287 expert panelists to more than 13,500 participants, from more than 120 countries and territories, with representation from as many as 460 organizations.
- The [OpenWHO](#) platform has had more than 3.7 million enrolments, over 80% of which are in [COVID-19 courses](#). Free training is available on 13 different topics translated into 31 languages to support the coronavirus response, for a total of 100 COVID-19 courses.
- WHO's [landscape of COVID-19 candidate vaccines](#) lists 17 candidate vaccines in clinical evaluation and 132 in preclinical evaluation.
- The [Strategic and Technical Advisory Group on Infectious Hazards](#) (STAG-IH) has met 35 times. STAG-IH provides independent advice and analysis to the WHO Health Emergencies Programme on the infectious hazards that may pose a threat to global health security.

Total	5030	59							

Table 1: COVID-19 status in Barbados and Eastern Caribbean Countries, French Territories and United Kingdom Overseas Territories. 'Sporadic cases only' indicates countries/territories/areas with one or more cases, imported or locally detected. 'Clusters of cases' indicates countries/territories/areas experiencing cases clustered in time, geographic location and/or by common exposures.

Data in red new.

Disclaimer: Data is updated by 5:00PM each day and there could be delays in reporting. Any discrepancies from national data figures will be edited on the next issue.

PAHO's Response

PAHO USAID Donation Fueling COVID-19 Fight

The Pan American Health Organization/World Health Organization (PAHO/WHO) Office for Barbados and the Eastern Caribbean Countries (ECC) and USAID recently assisted the government of Antigua and Barbuda in their fight against COVID-19.

PAHO presented the Ministry of Health with a five-seater 2020 Kia Seltos. Funding for this purchase was provided by United States Government agency, USAID.

In expressing his appreciation for the donation, the Hon. Molwyn Joseph, Minister of Health, Wellness and the Environment, had this to say. "This donation will certainly help to continue the Government of Antigua and Barbuda's surveillance and contact tracing efforts for the COVID-19 response, including early detection, screening, follow-up and management of COVID-19 cases.
