

## COVID-19 case update:

The COVID-19 pandemic continues to accelerate with over 13 million cases and 585 000 deaths reported globally. All countries are affected but they can be broadly categorized under 4 categories: those who have successfully avoided large outbreaks, those who have overcome them, those who are seeing a resurgence in cases ('new peaks') and finally, those in an intense phase of transmission.

# PAHO's Response

## PAHO/WHO and Canada contribute to Barbados' COVID-19 response

The Pan American Health Organization/World Health Organization (PAHO/WHO) in collaboration with the government of Canada, recently made a significant contribution of essential COVID-19 supplies to Barbados.

The government of Canada made available to PAHO the sum of CAD 7.5 million in support of addressing COVID-19 for essential action to save lives, protect health workers, and slow the spread of the virus. From this Canadian grant Barbados was allocated CAD 485,614.00.

During a donation ceremony which took place 15 July 2020, at the PAHO/WHO Office in Barbados, Dr Yitades Gebre, PAHO/WHO Representative to Barbados and the Eastern Caribbean stated that COVID-19 essential products and supplies totalling US \$200,000 were purchased.
