# COVID-19

Guidelines for retail stores

20 sec

Wash your hands frequently .

Provide hand sanitizer on the points of entrance to the store.

Use PPEs and practice respiratory etiquette.

Clean and disinfect all high-contact surfaces after each use.

Place signs at entry points to request customers not to enter the shop if they have COVID-19 symptoms.

Inform customers on physical distancing and hand washing.

Products in open cabinets should be wrapped or protected with acrylic barriers.

Encourage the use of contactless payment.

Clean reusable shopping bags before each use.

Disinfect contact utensils frequently.

Regulate the number of customers.

Organize the queue and physical distancing between customers with marks on the floor.
