

COVID-19

PAHO JAMAICA CO EOC – COVID-19 SITUATION REPORT #243 8 NOVEMBER 2020 (as at 6:00 p.m.)

HIGHLIGHTS

Countries /Territories	Cases (New cases - 24 hrs.)	Active cases	Recovered	Deaths (New deaths - 24 hrs.) [Crude case fatality rate]	Samples tested (Positivity rate)
*Jamaica	9,542 (36)	4,242 (44.4%)	4,952 (51.9%)	221 (0) [2.3%]	101,053 (9.5%)
Bermuda	214 (5)	23 (10.7%)	182 (85.1%)	9 (0) [4.2%]	92,973 (0.2%)
**Cayman Islands	250 (5)	13 (5.2%)	236 (94.4%)	1 (0) [0.4%]	48,314 (0.5%)

*75 confirmed cases (returned overseas prior to recovery) ** As of 6 November 2020

1. Jamaica

- a. Confirmed cases: 9,542 (36 new)
 - i. 503 imported and 9,039 locally acquired cases of which there are 701 local transmission – not epidemiologically linked, 1,179 contacts of confirmed cases, 236 related to a workplace cluster and 6923 under investigation
 - ii. Sex: 4323 (45.3%) / 5216 F (54.7%) 3 (0.0%) cases had no sex designation listed.
 - iii. Age: Mean: 39.7 years / Median 37 years / Age range: 1 day – 104 years
- b. Deaths: 221 (0 new) (2.3%) (March x 2, April x 6, May x 1, June x 1, July x 2, August x 21, September x 95, October x 87 and November 2020 x 6)
 - i. 31 deaths are under investigation and there have been 21 coincidental deaths in persons who are SARS-CoV-2 positive.
- c. Recovered: 4,952 (51.9%)
- d. Returned overseas prior to recovery: 75 (0.8%)
- e. Active cases: 4,242 (44.4%) (5 critically ill, with 5 mechanically ventilated, 6 severely ill, 20 moderately ill)
 - i. Hospital: 78
- f. Isolation: 4,302
 - i. Hospital: 137 (78 confirmed cases and 59 suspected cases)
- g. Samples tested: 101,053 tested of which 9,542 are positive, 91,485 negative and 26 pending (9.5% positivity rate)
- h. Contacts: 18,787 (Total ever followed) and 3,290 currently being followed
- i. Quarantine:
 - i. National Quarantine Facilities (NQF): 3
 - ii. Home quarantine: 21,544
 - iii. Community quarantine: 0 communities

2. Bermuda:

- a. Confirmed cases: 214 (5 new)
 - i. 103 imported, 90 local transmission (known contact / source, 21 local transmission (known contact / source) and 0 under investigation
- b. Deaths: 9 (5.2%)
- c. Recovered: 182 (85.1%)

- d. Active cases: 23 (10.7%) (0 hospitalized)
- e. Samples tested: 92,973 with 214 positive and 92,759 (0.2% positivity rate)
- f. As of 1 July 2020, Bermuda is in Phase 4 of re-opening – New Normal, with masks to be worn indoors. Outdoor wearing of masks must take place if physical distancing cannot be maintained. The international airport is open for commercial flights. As of 19 July 2020, the curfew is lifted, except for liquor stores which will close at midnight.

Phase 3B of the re-opening of Bermuda started on 18 June 2020 with masks to be worn in all public spaces, curfew from 11:00 p.m. to 5:00 a.m., gatherings of no more than 20 persons with physical distancing observed and full personal services subject to public health guidelines. The phased re-opening of Bermuda started as of 2 May 2020 – Phase 2: Expansion of Services started on 21 May 2020 and Phase 3 on 11 June 2020.

3. Cayman Islands: As of 6 November 2020

- a. Confirmed cases: 250 (5 new)
- b. Deaths: 1 (0.4%)
- c. Recovered: 236 (94.4%)
- d. Active cases: 13 (5.2%), with 1 hospitalized
- e. Samples tested: 48,053 with 245 positive (0.5% positivity rate)
- f. On 1 October 2020, Cayman Islands began to re-open its borders in phases. A new arrivals procedure with electronic monitoring devices was introduced and those who selected that option and met the criteria, were able to quarantine in residences rather than Government managed facilities.

All arrivals will be tested at the airport for COVID-19 and will be taken from the airport by approved transportation to begin their quarantine, at their residence or agreed facility. The test results will be anticipated to take 24 – 72 hours.

The number of travellers coming into the Cayman Islands will be controlled. 800 non-resident travellers will be allowed in during the month of October 2020.

Commercial flights outside of Cayman Airways and British Airways and private charters will not be allowed in.

Ports will remain closed to cruise ships for the rest of 2020.

From 1 October 2020 up to 30 November 2020, the limits on public gatherings have been increased to 500 persons, with appropriate measures in place.

SITUATION OVERVIEW

Jamaica, Bermuda and the Cayman Islands started preparedness for any possible introduction of the novel coronavirus – COVID-19 in early January 2020, immediately following identification of the novel coronavirus on 7 January 2020 in China.

The respective national level Committees / Councils continue to guide all sectors in the required preparedness and response actions.

ACTIONS TAKEN:

Jamaica:

- **Government of Jamaica**

On 28 October 2020, the Prime Minister announced that all measures currently in place will remain in effect until 30 November 2020.

From 6 October 2020 and until 31 October 2020, the Disaster Risk Management (Enforcement Measures) (No. 14) Order, 2020 is in effect.

Entry into Jamaica

- A person who seeks to enter Jamaica during this period:
 - a. If ordinarily resident in Jamaica, complete, through the website <https://www.jamcovid19.moh.gov.jm> , the relevant application for entry into Jamaica.
 - b. If the person is not ordinarily resident in Jamaica, complete, through the website <https://www.visitjamaica.com> , the relevant application for entry into Jamaica.
- All residents of the United States of America, Brazil, Dominican Republic, Mexico or Panama who are 12 years of age and over, are required to obtain and present a negative COVID-19 PCR or Antigen test result to check-in for a flight.
- Tests must be done by a medical laboratory that has a Clinical Laboratory Improvement Amendments (CLIA) registration or ISO 15189 certification. The date of the test must be less than 10 days from the date of arrival.
- On arrival, each person will have a health and risk assessment screening conducted by an authorized health officer, including a temperature check, observation for signs of COVID-19 and a review of countries visited in the last 6 weeks.
- Each person arriving will be quarantined based on the assessment and the type of quarantine order issued.
- Persons ordinarily resident in Jamaica will be quarantined at home for 14 days. Testing will be done if persons are assessed as high risk personally or are symptomatic or become symptomatic during the 14 day period.
- Business travelers will have samples taken at the Point of Entry and remain in quarantine at their hotels / place of residence until the result is received. They are required to present at their port of departure, a negative COVID-19 test result as may be specified by the Ministry of Health and Wellness at the time.
- Persons not ordinarily resident in Jamaica and who are visiting as a tourist staying in the Resilient Corridor, are required to present at their port of departure, a negative COVID-19 test result as may be specified by the Ministry of Health and Wellness, at the time. They are required to stay at their abode or residence and may leave as outlined in their quarantine order.
- Persons not ordinarily resident in Jamaica who are visiting Jamaica other than a tourist staying in the Resilient Corridor or as a business traveller, will be required to present at their port of departure, a negative COVID-19 test result as may be specified by the Ministry of Health and Wellness, at the time and will be quarantined for 14 days at the place of residence provided to the health authorities.

In Jamaica

- From 20 – 31 October 2020, the curfew will be from 9:00 p.m. daily to 5:00 a.m. on the next day.
- Gatherings should not exceed 15 persons and social distance of a minimum of 6 feet must be maintained.

- A mask shall be worn in public spaces and this includes workplaces and licenced public passenger vehicles.
- All persons 65 years and older must remain at home and are permitted to leave once per day to carry out the essentials of life.
- Churches are prohibited from hosting funerals, crusades, conferences, conventions and other special events.
- Marriages may take place following the guidelines, with each person in a space of 36 sq. ft. and no more than 50 persons.
- Burials may continue, however, only 15 persons are allowed at the graveside, including the clergy and funeral home personnel. No more than 10 are to be mourners.
- Worship services may continue to be held within the existing guidelines, requiring temperature checks, sanitization and the mandatory wearing of masks.
- Entertainment events requiring permits remain suspended, as of 27 August 2020.
