### SCALE OF ASSESSED CONTRIBUTIONS FOR 2022-2023

1. Article 24(A) of the Constitution of the Pan American Health Organization (PAHO) states that “The Organization shall be financed by annual contributions from Member Governments. The contributions from Member governments shall be determined in conformity with Article 60 of the Pan American Sanitary Code” that states that “for the purpose of discharging the functions and duties imposed upon the Pan American Sanitary Bureau, a fund of not less than \$50,000 shall be collected by the Pan American Union, apportioned among the Signatory Governments on the same basis as are the expenses of the Pan American Union.” By virtue of this article, Member States of the Pan American Health Organization are assessed at the same rate as the Organization of American States (OAS), formerly known as the Pan American Union.
2. In addition to Member States, PAHO membership includes Participating States and Associate Members which are not Members of the OAS. The Participating States are France, the Kingdom of the Netherlands, and the United Kingdom of Great Britain and Northern Ireland. The current Associate Members are Aruba, Curaçao, Puerto Rico, and Sint Maarten.
3. The scale of assessed contributions adopted by the OAS is adjusted for PAHO to accommodate assessments of Participating States and Associate Members that are not Member States of the Organization of Americas States, as per Document CD54/5, Rev.1.
4. On 30 October 2018, the General Assembly of the OAS approved a scale of quota assessments for the years 2019-2023.<sup>1</sup> This scale applied the same percentage calculation of quotas in place in 2018 to 2019 and 2020 and modified the percentage calculation from 2021 onward.
5. The proposed PAHO Scale of Assessed Contributions for Member States, Participating States and Associate Members for the financial periods 2022 and 2023 is based on the adopted OAS Scales of quota assessments for 2022 and 2023, respectively. Annex A presents the OAS and proposed PAHO scales, and Annex B includes PAHO’s proposed assessment rates for 2022-2023 compared with the 2020-2021 assessment rates.

---

<sup>1</sup> Organization of American States. Resolution AG/RES. 1 (LIII-E/18).

---

6. The specific amounts of assessed contributions to be paid by PAHO Member States, Participating States and Associate Members will be detailed once the total assessed contribution level is determined.

**Action by the Executive Committee**

7. The Executive Committee is invited to take note of this report, provide any comments it deems pertinent, and consider approving the proposed resolution presented in Annex C.
