Hospital/Hazard

Objectives

0 0 0

Mobilize a team of public health experts who can provide support to emergency operations (Regional Response teams, GOARN, EMT coordination)

Cooperate with national authorities in carrying out rapid damage and needs assessments in the health sector

Evaluate health information and assess potential public health risks for the population

Gather and rapidly disseminate necessary public health information

Advise the health sector in carrying out immediate interventions.

Paho Country Support

- Critical Functions
- Core commitments
- Guiding principles
- Rapid Risk Assessment
- Grading
- Incident Management System
- Performance standards
- Response procedures
